

PROPERTY MANAGEMENT

Gateway Business Properties management group specializes in the management of commercial and industrial properties. We take pride in offering hands-on management and personal attention to our clients' properties. Trust, care and integrity are our cornerstones. Our goal is to maximize our clients' asset value by being **pro-active**, not **re-active**.

Our menu of services include accounts payable / receivable, monthly income / expense statements, property maintenance, collection of rent, tenant & vendor interface, budgeting, income distributions, and construction management.

Because we are also owners we know the challenges that must be faced owning and managing commercial real estate.

We treat your property as if it were ours.
